

NURUL AIN BINTI HASHIM

Shah Alam, Selangor, Malaysia • nurul.ain@email.com • +60198765432 • linkedin.com/in/nurul-ain-hashim

PROFESSIONAL SUMMARY

Results-driven Mechanical Engineer with over 6 years of hands-on experience in HVAC system design, mechanical equipment maintenance, factory automation compliance, and multidisciplinary project management. Demonstrated expertise in improving thermal efficiency, reducing equipment downtime, and upholding strict ISO and OSHA safety standards in high-volume manufacturing and infrastructure environments.

CORE COMPETENCIES & TECHNICAL SKILLS

AutoCAD & SolidWorks

HVAC System Design

Preventive Maintenance

Root Cause Analysis (RCA)

OSHA & ISO 9001 Compliance

P&ID Engineering

Vendor & Contractor Supervision

Bill of Materials (BOM)

PROFESSIONAL EXPERIENCE

Mechanical Engineer

February 2019 – January 2022

Top Glove Corporation Bhd, Klang, Selangor

- Managed preventive and corrective maintenance schedules for high-speed automated glove dipping machinery, reducing unplanned mechanical downtime by 18 percent over two years.
- Designed utility piping systems, steam distribution layouts, and evaluated thermal efficiency improvements for large-scale factory production lines.
- Led cross-functional root cause analysis teams to investigate mechanical failures, implementing corrective actions that enhanced equipment reliability.
- Ensured strict compliance with OSHA safety standards and ISO 9001 quality management protocols across all factory shifts.

Assistant Mechanical Engineer

August 2016 – January 2019

Gamuda Engineering Sdn Bhd, Petaling Jaya, Selangor

- Prepared detailed engineering drawings, technical specifications, and bill of materials for major civil and infrastructure construction projects across the Klang Valley.
- Conducted routine site inspections and monitored contractor performance to ensure absolute adherence to structural designs and safety codes.
- Collaborated with senior project managers and electrical engineers to resolve site coordination clashes and optimize plant room layouts.

EDUCATION & CERTIFICATIONS

Bachelor of Engineering (Hons) in Mechanical Engineering

Graduated: June 2016

Universiti Teknologi Malaysia (UTM), Skudai, Johor

Certifications: Graduate Engineer, Board of Engineers Malaysia (BEM) • Certified Safety and Health Officer (NIOSH, 2020)
